

A ONE-DAY WORKSHOP ON FINANCIAL LITERACY

Date: September 2, 2026

Venue: Examination Hall, Room No. 315, SCVB GC Palampur

An interactive workshop on financial literacy was organized by the Department of Commerce at SCVB GC Palampur on September 2, 2026, as a soft skill programme for the students under the National Education Policy (NEP). The session commenced with the kind permission of Principal Prof. Pankaj Sood to initiate the proceedings. Conducted in collaboration with the National Centre for Financial Education (NCFE)—an organization jointly promoted by RBI, SEBI, IRDAI, and PFRDA—the session aimed to build practical financial awareness among B.Com students through expert guidance and NCFE's interactive e-learning modules.

The event featured Shri Vikas Chauhan, Consultant Trainer for NCFE, Himachal Pradesh, as the key resource person. In an engaging and practical session, he guided students through critical financial concepts, including identity theft protection, safe digital transactions, responsible credit card usage, education loan principles, strategies to avoid impulse buying, and effective budget management for their first paychecks.

Following the technical session, Principal Professor Pankaj Sood addressed the gathering, sharing words of wisdom on the importance of financial discipline alongside academic achievements. The event concluded with a formal Vote of Thanks expressed to Shri Vikas Chauhan for his valuable insights, Principal Prof. Pankaj Sood for his leadership, the organizing faculty of the Department of Commerce, and the attentive student audience.
